

Change in the release time of Statistics Finland's data

As of 1 January 2005, Statistics Finland's notifications on the economic situation of Finland, other statistical releases as well as media releases will be made public at 9 am on weekdays. The latest releases can be found on our Internet pages under Press releases.

The schedule of the releases in English can be found in the Release Calendar 2005. The calendar is updated continuously.

For further information on releases and other services to the media, please contact the Press Office of Statistics Finland:
