Source: Statistics Finland

The retail trade flash estimate is based on a sample covering, on the average, 50 per cent of retail trade turnover. Data on trade sales by industry will next be released on 12 October 2012.

Flash estimates on retail trade are published at a lag of just under one month from the end of the statistical reference month. The preliminary data on motor vehicle, wholesale and retail trade based on a larger sample will be published at a lag of roughly six weeks from the end of the statistical reference month and the revised data based on total data are published at a lag of roughly ten weeks.
