Turnover of trade will adopt base year 2015=100 from the January 2018 data. Data using the new base year will be published for the first time on 13 March 2018.

## **Industries of enterprises have been revised in the data released in January**

Starting from this statistical release the latest industries defined by the Business Register have been taken into use in the turnover and wage and salary indices. The industry corrections are visible as revised data in some of the published industries for the years 2016-2017. The effects of the changes are taken into consideration in statistics production so that no breaks occur in the time series of the published index series. The interpretation of the statistics also remains unchanged in the renewal. Revisions to annual changes in industries are presented under Revisions in these statistics.
