

Turnover in service industries

2012, February

Turnover in service industries grew by 6.7 per cent in December to February

Turnover in service industries grew by 6.7 per cent in December to February from the corresponding time period of the year before. One year previously turnover in service industries grew by 9.0 per cent. Services are here examined exclusive of trade and the data have been adjusted for working days by eliminating the effects of calendar variations from them.

Three months' year-on-year change in turnover in services (TOL 2008)

Turnover in service industries grew fastest in professional, scientific and technical activities, up by over ten per cent. The growth reached over seven per cent in accommodation and food service activities, arts, entertainment and recreation, and transportation and storage. The growth of turnover was slowest in information and communications activities and in other service activities.
